

A RESOLUTION  
OF THE BOARD OF EDUCATION OF GRANITE SCHOOL DISTRICT  
ENCOURAGING SUPPORT  
OF AN  
UNDIVIDED GRANITE SCHOOL DISTRICT

WHEREAS, the size of the student enrollment of Granite School District supports student opportunities, such as the Granite Technical Institute, model elementary school, Hartvigsen Center, Jones Center, gifted magnet schools, reading specialists, music specialists, intervention programs, etc.; and

WHEREAS, the size of the student enrollment of Granite School District allows for the leveraging of educational funds resulting in curriculum supports for students and educators as well as professional learning opportunities; and

WHEREAS, the size and diversity of the student population of Granite School District makes the district attractive to governmental agencies, universities, businesses and other entities seeking to invest in and partner with public schools; and

WHEREAS, the size of the student enrollment of Granite School District provides flexibility and opportunities as well as stability in the event of population fluctuations for educators, making the district competitive in providing a superior educational infrastructure and recruiting and retaining excellent educators; and

WHEREAS, the Board of Education is committed to establishing a culture of listening and responding to patrons, municipalities and other stakeholders; strengthening and collaborating with community councils; and providing timely and accurate information at all levels within the school district.

NOW, THEREFORE, the Board of Education of Granite School District encourages parents, patrons, municipal, county, and state leaders to support an undivided Granite School District and its ability to provide students with services, opportunities and supportive infrastructure which are uniquely available and in great variety and breadth because of the size and diversity of the district's student enrollment.
