

Called for vote: President Bawden
Results: Motion Passed Unanimously

STUDY SESSION

Corrective Discipline Process

Donnette McNeill-Waters, presented Granite District's process of employee relations and corrective discipline. Corrective discipline is administered in accordance with the Public Education Human Resources Management Act, Utah Code 53A-8-101 et. seq. and is intended to allow employees the opportunity to remediate behavior and/or performance when necessary and where appropriate. The purposes of the Administrative Supportive Committee (ASK) and Classified Administrative Support Team (CAST) were reviewed. Ms. McNeill-Waters described the two types of corrective discipline, (cause and performance), and the plan of assistance offered to career employees and deficiency improvement available for provisional employees. Non-renewal of contract, termination of contract, and an appeal process, including informal and fair hearings, were also explained. (Exhibit #1722)

Motion: I move we adjourn.
