ADMINISTRATIVE MEMORANDUM NUMBER TWENTY
SAFETY CAUTION RELATIVE TO SCHOOL PLAYGROUNDS

School staff are cautioned concerning the use of jump ropes, wire, twine, or other materials that may become entangled about a child's neck. These items must be used properly, with caution and a full realization of the potential hazard when used improperly.

Other items, such as hardballs, baseball bats, bicycles and skateboards should be used on school playgrounds only under proper adult supervision.

Administrators are required to bring this matter to the attention of teachers, other staff members, and students.
