**ADMINISTRATIVE MEMORANDUM NUMBER SIXTY-NINE**  
**HYPNOTISTS -- SCHOOL ASSEMBLIES**

In view of several verified incidents wherein injury occurred or nearly occurred to student participants, it is requested that hypnotists not be scheduled for assemblies. Extreme care should be initiated in allowing a hypnotist to participate in any classroom activities as a resource person. Such should only be allowed when the hypnotist is a qualified, licensed, medical practitioner and when the school is in possession of specific written consent of the parents, indicating that the student may be hypnotized and that the school will be held harmless from any related or resultant conditions of said hypnotism.

It is not the intent of this memorandum to exclude the use of district facilities to any legitimate group, commercial or non-commercial, who wishes to rent our facilities for an after school program involving a hypnotist. Such a group would be obliged to take the liability risks and consequences thereof. The school and Granite School District would not be responsible for any actions growing out of the performance.
