**Contract #21-802  
(Solicitation #JF21-017 IFB)  
Magazine Subscriptions**

**Purpose**

Granite School District (GSD) seeks bids from authorized vendors to provide magazine subscription services. GSD, located in Salt Lake County, Utah, currently operates sixty (60) elementary schools, fifteen (15) junior high schools, and eight (8) high schools, as well as other special schools and programs. **GSD intends to award a contract to one vendor.** The bid form includes a sample list of frequently ordered magazines and periodical titles. The actual subscription orders may vary from this list. There is not a guarantee that all locations will place orders or that a minimum number of orders will be placed.

School/locations generally place subscription orders each February with orders being submitted to the vendor no later than the first week of May each year.

**Contract Pricing**

Pricing must be based on a discounted percentage off of the publisher's listed rates. The subscription bid amount must include all transportation and delivery charges. Vendor must provide a current price listing by October 31st for each calendar year of the contract period.

All prices submitted by vendor are to remain fixed and firm for the base year of the contract.

Adjustments will be allowed only once a year on the anniversary of the contract award and must be made at least 30 days prior to the effective date. Requests for price adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the contract will not be effective unless approved by GSD Purchasing. It should be understood that all products provided by the vendor will be included in the agreement, so as new products are introduced, they will be included. GSD will be given the immediate benefit of any decrease in the market, or allowable discount

GSD reserves the right to extend the contract for up to four (4) subsequent years, if it is in the best interest of the district and the vendor is willing to maintain the discount bid.

**Requirements:** In addition to the items listed above, the vendor must meet or exceed the following minimum requirements:

1. All magazines and periodicals must be appropriate for K-12 educational institutions.
2. Vendor must provide a designated customer service representative to provide the services outlined in the contract. Representative must provide services in a timely, professional manner. The representative must have working knowledge of the contract requirements. Vendor will provide the representative's contact information at the time it submits its bid and will notify GSD in a timely manner if changes are made.
3. Once GSD has made the vendor aware of a problem with a subscription, the vendor must provide a resolution within 5 calendar days. The vendor must resolve missing issue problems by issuing a refund/credit for the missing issue(s) or by extending the subscription period by the number of missing issues. Vendor will notify individual school/location placing orders of any significant disruptions or other information regarding title changes, skipped, delayed issues, any other information related to its subscription(s).
4. Vendor shall provide an order confirmation once an order is placed and promptly notify GSD of any problems with the order.  
After the initial school/location orders are placed in February, a vendor shall allow additional orders to be placed throughout the year with no service charge or penalty. Vendor shall not charge more than the discounted subscription price listed in the contract.
5. If a subscription is cancelled by GSD, GSD acknowledges a refund may not be provided. Vendor shall allow a subscription to be cancelled by GSD upon notification without penalty.  
If a subscription is cancelled by the vendor, a refund will be issued to GSD. In some cases, GSD may accept a substitution subscription in place of a refund. GSD must approve all substitutions.
6. Vendor shall submit a separate itemized invoice, in a timely manner, to each library ship-to location placing an order. Invoice shall include at a minimum:

- a. Ordering school/location name and address
  - b. Ship to address if different than the school/location address
  - c. Name of the magazine/publication
  - d. Publisher list price and discounted contract price
  - e. Contract number
  - f. Total invoiced
7. Vendor shall have at least two years of documented experience working with a school district or other similar government entity of similar size to GSD. Vendor will provide documentation of this experience at the time it submits its bid.

Prices and number of issues subject to change without notice. We do not guarantee the solvency of any publisher.

If a publisher suspends or fails after cashing our check, we cannot guarantee a refund.

If a publisher issues us a refund, we will issue you the refund or credit. Credit can be used at any time.

In some cases publishers will fulfill with another publication if ceasing their own. In this instance, we are not responsible for transfers.

Postage and Handling are included in pricing above for US delivery. International orders will have postage added.

If you don't see a title you are interested in, call, email or fax and we will do our best to find it for you.

Some online options will be offered through Zinio. They will send an e-mail, with a link that you can follow and set up your account. All titles to which you subscribe will be on that account.

For offline, and no ads: requires download of Zinio Reader
