Dear Superintendent Bates and Granite School Board:

The board of trustees of Utah International Charter School respectfully requests your approval of the amendments to the charter of Utah International that are outlined in the following pages.

The reality of the school and our population, changes in state-required student assessments, and the state's evolving process for oversight of charter schools have led us to conclude that these amendments are needed in order to promote a healthy, accountable relationship between Utah International and Granite School District.

We thank you for considering these amendments and for continuing to authorize our charter and include us in Granite School District.

Sincerely,

Kendrick LaFleur, Board Chair

CHARTER SCHOOL AGREEMENT

Pursuant to Utah Code 53A-1a-505, the Granite School District Board of Education ("Board"), grants the Governing Board of Utah International Charter School ("Governing Board") a charter to operate a public charter school ("School").

The Board has reviewed the application submitted by the Governing Board and has approved it, subject to adherence to all requirements set forth in this agreement and in state law and board rule.

1. RECITALS

WHEREAS The People of Utah, through their constitution, have provided that schools and the means of education shall forever be encouraged, and have authorized the legislature to maintain and support a system of free public elementary and secondary schools.

WHEREAS The Utah legislature has authorized a new form of public school designated a public charter school to be created to serve the educational needs of pupils and has provided that pupils attending these schools shall be eligible for support from the Minimum School Program Act.

WHEREAS all public schools are subject to the leadership and general supervision of the State Board of Education.

WHEREAS the legislature has delegated to the State Board of Education, governing boards of local education agencies, and board of trustees of a higher education institution the responsibility for authorizing the establishment of public charter schools.

WHEREAS The Board is an authorizing body empowered to voluntarily issue contracts to organize public charter schools.

BE IT RESOLVED, that the following chartering policies are adopted.

- a. Recognizing that public charter school board members are public officials and have primary responsibility for the school's governance and operation, a school's board of directors shall be appropriately constituted according to the law.
- b. To ensure that public charter schools are open and accessible to all interested parties, each school must legally notice and reasonably inform the public of its application period and enrollment procedures consistent with Utah Code and State Board rule.
- c. Believing competitive comparisons and benchmarking information are necessary for raising standards and driving continuous improvement, the charter schools office shall ensure that each Charter School Agreement contains clear, measurable performance standards.
- d. To assess the academic and operational performance of public charter schools, charter schools shall meet the required minimum standards identified, as well as meet all entity determined targets outlined in this agreement. Regular review of the minimum standards and entity determined targets should serve as an early warning system for governing boards and may be used by the State Charter School Board when evaluating a charter school.
- e. Charter Schools may request technical assistance from the Board in any area, including curriculum matters and financial concerns. In no event is the Utah State Office of Education (USOE), the State Board of Education (SBE), or the Board responsible for any financial or technical support other than the funding and technical assistance as expressly required by law. And in no event is the USOE, SBE, or the Board responsible for the outcome of any decisions the school makes based on such assistance.

The Governing Board shall also comply with all applicable health and safety laws and regulations, whether federal, state, or local. Neither the Board nor the local board of education assumes the duty to oversee the operations of the School except as may otherwise be provided by law or separate contract. The Board shall monitor the School for compliance with applicable laws and rules. Failure to comply with applicable laws and rules may result in termination of the charter.

c. Transportation

Neither the Governing Board nor Board is responsible for student transportation except as required in a student IEP. Parents of a student at the School shall be notified of this provision.

d. Facilities

- i. Prior to commencing operation of the School, the Governing Board shall provide to the Board a description of the facility, the financing for the facility, and evidence from local government inspection authorities that the School's facilities are currently safe (e.g., state or local Health and Fire Department inspection certificates) consistent with R277-471. Admission is not limited based on ethnicity, national origin, religion, gender, income level, disabling condition, proficiency in the English language, or athletic ability. Failure to adhere to the requirements of random selection, under state and federal requirements for lottery selection, may be grounds for termination of this charter.
- ii. The School shall report information on student enrollment as required by the Board through state and federal law, and State Board rule. When a student withdraws from the School, the School shall notify the local board of education responsible for the attendance area in which the student resides within 10 days of the withdrawal so that the local board of education may fulfill its legal obligation to verify the student's compliance with compulsory attendance laws.
- iii. Requests for the School to change its enrollment and grade configuration from that set out in its initial agreement shall be submitted to the Board. This provision will be reviewed and is subject to negotiation and amendment by the Board.
- iv. Failure to enroll the authorized number of students within three years of approval, including growth plan, may result in the school being required to remand extra students for reallocation by the SBE upon request.
- v. The School is obligated to provide free and appropriate education and related services to students with disabilities. The School may not send students with disabilities back to resident districts because the School lacks services, nor may the School 'counsel students' out of the School.

In the event that the authorizer believes that the dispute relates to an issue that could lead to revocation of the charter, this shall be specifically noted in the written dispute statement.

ii. The principal and superintendent shall informally meet and confer in a timely fashion to attempt to resolve the dispute. In the event that this informal meeting fails to resolve the dispute, both parties shall identify two governing board members from their respective boards who shall jointly meet with the superintendent and principal and attempt to resolve the dispute. If this joint meeting fails to resolve the dispute, the superintendent and the principal shall meet to jointly identify a neutral, third party mediator.

iii. The principal and superintendent are required to meet at least once, but may mutually agree to meet more than once if it appears that further meetings may successfully resolve the issue. If the Parties do not successfully resolve the dispute by this informal meeting, then the Party finding the informal meeting unsatisfactory shall provide written notice to the other Party, demanding mediation. The demand for mediation may not be given prior to the first informal meeting, and shall not be given any later than ninety (90) calendar days following the completion of the first informal meeting. The demand for mediation shall be sent certified mail-return receipt requested to the other Party, and shall set forth all of the issues that Party deems outstanding that must be submitted to mediation.

iv. The Party in receipt of the demand for mediation shall respond within twenty (20) business days listing any issues it deems appropriate for submission to the mediator.

v. Within twenty (20) calendar days or less of the written Request for Mediation, the Parties shall agree on one mediator. If the Parties cannot agree on a mediator, they will request appointment of a mediator by Utah Dispute Resolution. The costs of mediation shall be borne by the Parties equally. Recommendations from the mediator shall be non-binding.

The Board reserves the right to reject any proposed changes to the agreement once the application and agreement have been approved.

The Governing Board acknowledges that the granting of a charter in no way represents or implies endorsement by the Board of any method of instruction, philosophy, practices, curriculum, or pedagogy used by the School or its agents; nor does this agreement constitute a guarantee by the Board of the success of the School in providing a learning environment that shall improve student achievement.

i. Legislative Action

This agreement and any amendments to it and renewals of it are subject to applicable state and federal laws, and shall be deemed amended to reflect applicable changes to those laws. Upon repeal of the statutes authorizing the school charter, the charter is null and void.

This agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. For purposes hereof, a facsimile copy of this Agreement, including the signature pages hereto, shall be deemed to be an original.

9. REPORTING REQUIREMENTS

The Governing Board shall submit such reports as required by state law and the Board. Failure to submit such reports may be grounds for revocation of the charter.

As prescribed by the SBE, and in accordance with state and federal laws, the School shall provide to the Board the total number of children with special needs, identified in accordance with state and federal laws, enrolled in the School.
