Superintendent Martin W. Bates  
**GRANITE SCHOOL DISTRICT**  
2500 South State Street  
Salt Lake City, Utah 84115

**SUBJECT: Cooperative Agreement with Utah Department of Transportation (UDOT)  
and the Air Working Group for the Funding of eight (8) HVAC units**

Dear Dr. Bates,

In 2015, the Granite School District Board of Education signed an agreement with the Mountain View Corridor Air Working Group in which funds were provided to the district to upgrade HVAC and filtration systems to improve air quality inside the school. There was concern from the Air Working Group that increased levels of pollution from the Mountain View Corridor could adversely affect the students. As a proactive measure, the district began work on the following five (5) schools pursuant to the agreement.

- Hunter High School
- Hunter Junior High School
- Hillside Elementary School
- West Valley Elementary School
- Whittier Elementary School

The original agreement did not contemplate improvements to relocatable classrooms at the above schools. In addition, the original agreement neglected to include the expansion wing on the south side of Hillside Elementary School. The attached agreements rectify those oversights and provide funds to the district to improve air quality in these facilities. We respectfully request that the Board of Education approve the attached agreements.

Respectfully,

Donald Adams  
Assistant Superintendent, Support Services
