Martin W. Bates, Superintendent
Granite School District
2500 S. State Street
Salt Lake City, UT 84115

Dear Dr. Bates:

The Church of Jesus Christ of Latter-day Saints would like to adjust a water line right-of-way which passes through the Skyline High School property and travels north of the school down the hill into the church owned ballpark (exhibit B, marked in yellow). They would like to vacate this right-of-way and obtain a water line easement to the far east, which would be located on the Skyline High School property line (exhibit B, marked in red).

In addition, the LDS church is requesting an access easement. This would allow church members to travel from Virginia Way, west through the Skyline High School driver education area and parking lot and turn just east of the tennis courts and then turn north to travel down the hill to their ballpark (exhibit D, marked in orange).

The Granite School District Real Estate Committee recommends that the Board of Education approve both changes.
