Martin W. Bates
Superintendent, Granite School District
2500 S. State Street
Salt Lake City, UT 84115

Dear Dr. Bates:

The Granger Hunter Improvement District is in the process of removing the old Redwood Elementary water meter vault. A new vault needs to be installed and is too large to place in the old vault's location. The Improvement District is asking for permission to locate the new vault west of the old location. In so doing they are asking for two easements in our north parking lot. They need 525 square feet for the water meter perpetual easement and 1,225 square feet for a temporary construction easement. The Real Estate Committee recommends the approval of these easements.
