Dr Martin W Bates, Superintendent  
Granite School District  
2500 South State Street  
Salt Lake City, Utah 84115

Dear Dr Bates:

Recently, Utah Telecommunication Open Infrastructure Agency, better know as UTOPIA approached Granite School District with a proposal to install interconnection sites at Cottonwood High and Twin Peaks Elementary.

Granite School District's Real Estate Committee has reviewed the proposed site locations and the building materials. The committee does not believe these interconnection sites will negatively affect the schools. UTOPIA will be responsible for the upkeep of the sites, graffiti removal, safety concerns, and/or other maintenance issues that might arise. This will all be included in an easement contract.
