

Article IX.A.3.a. Secretarial Employee Association

A. Statement of Policy

The Board recognizes the Granite Association of Educational Office Professionals as the representative agency for contracted secretarial employees of the District, so long as the majority of those employees support such recognition.

The Board recognizes the Memorandum of Understanding (September 1, 1998) between the Board of Education and the secretaries of the District.

For the purpose of the Memorandum and of any Board policies and regulations relating to secretaries, the term “secretary” shall apply only to full-time contract secretaries, unless the terms clerk, hourly, or temporary secretary are specifically inserted so that a specific provision applies to them
