

Article V.C.1. Prohibition of Discrimination, Harassment, and Retaliation

A. Statement of Policy

Granite School District endeavors to maintain safe and supportive learning and working environments where all students and employees can be successful. Federal and Utah State statutes and regulations mandate and provide authority to school districts to prohibit unlawful discrimination, harassment, and retaliation on the basis of race, color, sex, pregnancy, religion, national origin, age, marital status, disability, sexual orientation, or gender identity. This policy defines prohibited conduct under state and federal laws and regulations and provides administrative procedures for correcting and remedying violations.

Sexual harassment may include, but is not limited to:
- a. *quid pro quo* sexual harassment, which is a request, invitation, or demand for some type of sexual activity in exchange for grades, participation in curricular or extracurricular activities, promotions, positive evaluation, or other favors;
 - b. hostile environment sexual harassment, which is conduct that unreasonably interferes with an individual's academic or work performance or that creates an intimidating, hostile, or offensive environment such as:
 - i. unwelcome or offensive public displays of affection, inappropriate touching of oneself or others, massages, etc.;
 - ii. offensive communication, leers, stares, or gestures that are sexually suggestive, sexually degrading, or imply sexual motives or intentions, such as sexual remarks or innuendoes about an individual's clothing, appearance, or activities, sexual gestures, public conversations or social media posts about sexual activities, sexual rumors, catcalls or whistles, sexually graphic messages or games; etc.;

 - d. unlawful sexual activity such as actual or attempted sexual abuse, sexual assault, rape, lewdness, possessing or distributing pornography, and other sexual or gender-based activities defined by Utah Criminal Code.
3. Retaliation generally takes the form of reprisal against a person who has filed a complaint or has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing conducted by the District. Retaliation may include, but is not limited to, further harassment, threats, taunting, spreading rumors, unauthorized disclosure of the details of an investigation, ostracism, assault, destruction of property, or other negative conduct.

C. Reporting Procedures

1. Any person who witnesses or believes he/she has been subjected to discrimination, harassment, or retaliation involving a student, employee, or other person affiliated with the District may submit, personally or through a representative, a written or verbal report of the alleged prohibited conduct to school administrators or to department supervisors. If preferred for any reason, an individual may also make a report directly to a Designated District Official identified in this policy.
2. While not required, the District encourages the reporting party or complainant to use the report form attached to this policy. The form is also available from school administration, on the District website, and from the District office.
3. School administrators who receive reports or complaints shall be clearly identified and contact information shall be posted on the school's website and in other conspicuous locations.
4. Reports or complaints of sexual harassment, specifically, shall be forwarded directly to the District Compliance Officer. The District Compliance Officer can be reached in the Department of Policy and Legal Services – (385) 646-4009. Members of the District Committee for the Prohibition of Sexual Harassment may also receive reports or complaints of sexual harassment. The committee will conduct investigations and report findings and conclusion directly to the Superintendent. If the report involves the District Equity Officer or other member of the committee, the report may be filed directly with the Superintendent.
5. If concerns cannot be resolved at the school or District levels, complaints may be filed with the Office for Civil Rights, Region VIII, U.S. Department of Education, Federal Building, Suite 310, 1244 Speer Boulevard, Denver, Colorado 80204.
6. It is the duty of every student and every District employee to report violations, or alleged violations of this policy. Failure to do so may result in disciplinary action.

7. Good faith submission of a complaint or report of discrimination, harassment, or retaliation will not adversely affect the individual's future participation in school programs or activities, grades, employment, or work assignments.
8. Because false accusations of discrimination, harassment, and retaliation can have a serious detrimental effect on innocent parties, false and/or malicious complaints may subject the complainant to discipline.
9. A complaint shall be filed within 180 calendar days of the occurrence of the alleged discriminatory action. The District may extend this time limitation at its sole discretion.

D. Investigating and Correcting Discrimination, Harassment and Retaliation

Granite School District will promptly investigate all complaints of discrimination and harassment and administer appropriate discipline to any student or employee who violates this policy. The District will also take appropriate steps, reasonably calculated, to eliminate the discrimination or harassment, address its effects, and prevent the discrimination or harassment from recurring.

1. Investigations of matters that pertain to allegations of civil rights violations shall be conducted by District administrators trained to conduct such investigations. The District Compliance Officer shall provide investigation support and training. The District Compliance Officer shall also chair the District Sexual Harassment Committee, which is tasked specifically with investigating matters involving sexual harassment. Investigations may also be conducted by a designated third-party investigator at the District's discretion.
2. The investigator shall conduct a thorough, prompt, and impartial investigation allowing all parties to provide information, proffer evidence (directly or through witness statements), and offer explanations and rebuttals of the allegations made. The investigation shall include gathering information and evidence from all relevant parties including taking written statements from and/or interviewing the complainant, the individuals against whom the complainant filed, and others who have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other appropriate investigative methods and gathering documentary evidence deemed pertinent by the investigator.
3. The District shall make findings and conclusions and take appropriate disciplinary actions only after the individual against whom the complaint was made has had an opportunity to respond fully to the allegations orally or in writing. School administrators shall work with appropriate District officials including Directors of School Accountability, Granite Police Officers, the Director of Educational Equity, the Director of Human Resources, Directors of Special Education, and the District Compliance Officer, to resolve issues at the lowest possible level working collaboratively with parents/ guardians, students, and employees.

4. Investigators shall preserve all information and evidence, including written statements, investigation notes, surveillance camera footage, photos, physical evidence, documents, correspondence, and any relevant electronic information such as text messages, videos, and social media postings.
5. In determining whether alleged conduct constitutes sexual harassment, the investigator shall consider the surrounding circumstances, the nature of the sexual advances, relationships between the parties involved, and the context in which the alleged incidents occurred.
6. At any time during or after the completion of an investigation, any conduct deemed potentially criminal shall be reported directly to law enforcement; in some circumstances, it may also be appropriate to make a report to the Department of Child and Family Services (DCFS).
7. The District shall take reasonable steps to protect the complainant and witnesses during an investigation and prevent retaliation.
8. The District will respect the confidentiality of the complainant, the individual(s) against whom a complaint is made, and witnesses to the extent possible consistent with the District's legal obligations and the necessity to thoroughly investigate and take appropriate administrative action. The District retains the right to disclose the identity of parties and witnesses in appropriate circumstances.
9. Investigators shall make findings and conclusions and draft a summary report promptly. The report shall include a summary of at least the following information:
 - a. a description of the allegations made;
 - b. a description of the response to allegations;
 - c. a summary of the factual findings the investigator deems true by a preponderance of the evidence;
 - d. conclusions of the investigator regarding violations of District policies and practices (identifying the specific policies or practices) or violations of federal or state laws and regulations (identifying the laws or regulations).
10. Administrators conducting the investigation will work with their directors/supervisors and an assistant superintendent, as required, to impose appropriate discipline and a plan to eliminate, address, and prevent further discrimination, harassment, or retaliation.
11. Subsequent to an investigation, the District will take reasonable steps to correct current policies and practices, provide additional protections and supports, and increase and improve education and training as needed.
12. School or District administrators charged with investigating and/or taking administrative action will communicate the outcomes of the investigation to the complainant or the alleged victim within a reasonable time after the completion of the investigation. Maintaining current privacy laws, regulations, and policies, the

administrator shall communicate steps the District will take to eliminate, address, and prevent further discrimination, harassment, or retaliation.

E. Administrative Review

1. Within fifteen (15) days after receiving a summary report of the findings and conclusions of the investigator, any person impacted by the outcome of the investigation may request an administrative review hearing. Any request for an administrative review hearing must be submitted in writing to the Designated District Official identified in this policy. Failure to file a written appeal and request for an administrative review hearing in accordance with the procedures set forth above shall constitute a waiver of the right to such a hearing.
2. An administrative review shall be requested to determine whether the administrative procedures outlined in this policy were followed or to provide new evidence that was not available during the investigation. If the request for administrative review does not introduce new evidence or allege a violation of the administrative procedures of this policy, the request shall be denied. Disagreement with the outcome of an investigation or with an investigator's findings and conclusions is not grounds for an administrative review under this policy.
3. A request for administrative review under this section does not preclude an appeal of discipline or other administrative action by a student or employee under a separate policy or negotiated agreement.

4. Three Administrative Review Hearing Levels

Level I: If the investigation involves a single school policy or practice, or if the alleged perpetrator or offender is assigned to a single school or department, the Designated District Official shall deliver the request for an administrative review hearing to the District Compliance Officer or other appropriate administrator, as determined by the Designated District Official, to act as the hearing officer.

Level II: If the investigation involves a district-wide policy or practice, if there are multiple respondents in multiple schools or departments, or if the respondent is a school principal or department director, the Designated District Official shall report the complaint to the Superintendent who shall then be the hearing officer.
