

Article V.C.6.            Charitable Organization Access to Employees

A.     Statement of Policy

The Board of Education is supportive of charitable organizations and their efforts to serve the community. However, in order to protect employee time and productivity, the Board of Education establishes the following policy.

1.     District and school locations are limited public forums for the purpose of soliciting charitable contributions from Granite School District employees.
2.     Access to the district offices and district schools for the purpose of soliciting charitable contributions from district employees is limited to charitable organizations established pursuant to Utah Code 53A-4-205 and which focus all charitable efforts towards the accomplishment of education-related objectives of the Granite School District.
3.     The activities of charitable organizations meeting the requirements of this section are considered to be activities of the district for the purposes of all other district policies or administrative guidance.
4.     Employees wishing to make contributions to charitable organizations, whether or not those organizations meet other requirements of this section, may authorize automatic payroll deduction by following procedures established by the Payroll Department.
