

Unit of Study Elements of Art – Line and Perspective		6 th GRADE	Quarter 1	VISUAL ART 2013
Key Concepts:		Skills:		
<p>The student uses the characteristics of line to create artworks. The student uses 2 Point Perspective to create the illusion of depth using converging lines that meet at two vanishing points on a horizon line.</p>		<ul style="list-style-type: none"> Proficient at making complex line designs with variation. Highly skilled at contour and structural line drawings. Able to understand value changes Able to make parallel lines in showing value changes. Able to create the illusion of depth by using 2 Point Perspective. 		
Standards:				
<ul style="list-style-type: none"> Making -The student will explore and refine the application of media, techniques, and artistic processes. In this standard the student learns to use new tools and materials and expand skills in the creation of art. Perceiving –The student will analyze, reflect on, and apply the structures of art. In this standard the student uses meaningful works of art to recognize the elements and principles and applies them in personal work. Expressing – The student will choose and evaluate artistic subject matter, themes, symbols, ideas, meanings, and purposes. In this standard the student investigates artistic content and begins aesthetic inquiry through observation, discussion, and the creation of art works. Contextualizing –the student will interpret and apply visual arts in relation to cultures, history, and all learning. In this standard the student will place their artwork and the artworks of others within the context of civilization, other areas of learning, and life skills.
